CAREER OBJECTIVE

To obtain a faculty position in Computer Science & Engineering where I can integrate advanced teaching methodologies with impactful research. My objective is to contribute to scholarly publications, undertake funded research projects, and guide students in innovative domains such as Artificial Intelligence, Machine Learning, and Sustainable Computing. I seek to enhance institutional reputation by fostering academic excellence, interdisciplinary collaboration, and cutting-edge research.

PERSONAL PROFILE & SUMMARY

- ❖ Academic Collaboration Partner at SAGE University, Bhopal.
- ❖ Contributed as a Core Team Member in the successful implementation of SAGEx Online Program at SAGE University, Bhopal.
- ❖ Acted as Coordinator & Mentor at the Entrepreneurship Development Cell (EDC), SAGE University, Bhopal.
- ❖ Served as ERP/Software In-charge at Lakshmi Narain Group of Colleges, Bhopal.
- ❖ Worked as ERP/Software In-charge at LNCT University, Bhopal.
- ❖ Appointed as Institution's Innovation Council Convener at Lakshmi Narain College of Technology, Bhopal.
- ❖ Acted as Coordinator & Mentor at KLIC Incubation Center.
- ❖ Coordinated the EV-Robotics Lab under the National Skill Development Corporation (NSDC) Project.
- ❖ Successfully managed institutional data and compliance on platforms such as QCIN, AISHE, NIDAN, National Scholarship Portal, and MP Scholarship Portal 2.0.
- ❖ Contributed as a Core Team Member for NBA Accreditation at Lakshmi Narain College of Technology, Bhopal.
- ❖ Handled regulatory portals including AICTE, DTE, RGPV, and RGPV Diploma Portal.
- ❖ Participated as a Primary Evaluator/Judge in Smart India Hackathon 2022 & 2023.
- ❖ Participated as a Primary Evaluator in Toycathon 2021.
- ❖ Secured 1st Position in Smart India Hackathon 2019.
- ❖ Successfully established various Engineering and Polytechnic Diploma Colleges as per AICTE norms.
- ❖ Served as Exam Superintendent for institutional examinations.
- ❖ Founder of TECHVILLA Coding Club at Lakshmi Narain Group of Colleges, Bhopal.

CAREER HISTORY

❖ **Asst. Professor – Sanjeev Agrawal Global Education University, BHOPAL** July 2024 –Till Now

- ❖ Teach and mentor undergraduate and postgraduate students in Computer Science & Engineering, ensuring strong foundations in core concepts and emerging technologies.
- ❖ Design, develop, and deliver innovative instructional methodologies, practical labs, and project-based learning approaches to enhance student engagement.
- ❖ Assess, supervise, and mentor students' academic progress, research projects, internships, and dissertations.

- ❖ Guide and mentor students for participation in hackathons, innovation challenges, startup incubation programs, and skill development activities.
- ❖ Contribute to the development and implementation of curriculum, ensuring alignment with industry trends, NEP 2020 guidelines, and outcome-based education (OBE) standards.
- ❖ Actively participate in NBA/NAAC accreditation processes, quality assurance, and departmental academic audits.
- ❖ Review, assess, and evaluate the performance of students through continuous assessment, assignments, projects, and examinations.
- ❖ Provide academic and professional guidance to students for higher education, competitive exams, and career advancement.
- ❖ Publish and present high-quality research papers in Scopus/SCI/IEEE indexed journals and international conferences.
- ❖ Author and contribute to books, book chapters, patents, and technical reports in emerging domains like Artificial Intelligence, Machine Learning, IoT, and Sustainable Technologies.
- ❖ Engage in interdisciplinary and funded research projects, collaborating with government bodies, industry, and innovation councils.
- ❖ Supervise and evaluate research scholars, dissertations, and student research groups.
- ❖ Serve as Coordinator/Mentor in incubation centers, entrepreneurship cells, and innovation labs to promote startup culture and product development.
- ❖ Take part in all departmental, institutional, and university-level activities, including academic committees, examination duties, and cultural/technical events.
- ❖ Manage and support teaching assistants and junior faculty, fostering collaborative learning and academic excellence.
- ❖ Organize and participate in workshops, FDPs, seminars, guest lectures, and conferences for continuous knowledge enhancement.
- ❖ Collaborate in industry-academia partnerships, MoUs, and academic exchange programs for institutional growth.
- ❖ Encourage students to file patents, develop prototypes, and publish research papers, nurturing a culture of innovation and entrepreneurship.

❖ **Asst. Professor – LAKSHMI NARAIN COLLEGE OF TECHNOLOGY,
BHOPAL August 2018 –June 2024**

- ❖ Deliver high-quality teaching to undergraduate and postgraduate students in Computer Science & Engineering, with a focus on both core subjects and emerging technologies.
- ❖ Design, develop, and implement innovative instructional strategies, lab experiments, and project-based learning methods to enhance student engagement and outcomes.
- ❖ Assess, supervise, and mentor students in academic coursework, research projects, dissertations, and career development activities.
- ❖ Guide students for participation in Smart India Hackathon, Toycathon, coding competitions, and innovation challenges, fostering problem-solving and entrepreneurial mindsets.
- ❖ Publish and present research findings in peer-reviewed journals, IEEE/Scopus-indexed conferences, books, and book chapters.
- ❖ Mentor and encourage students in research, patent filing, incubation projects, and startup initiatives, building a culture of innovation.
- ❖ Contribute to NBA, NAAC, and accreditation processes by supporting quality assurance, academic audits, and documentation.
- ❖ Actively participate in departmental and university-level committees, ensuring smooth academic and administrative functioning.
- ❖ Manage and support teaching assistants and junior faculty members, promoting collaborative learning and academic excellence.
- ❖ Review, evaluate, and track student progress through continuous assessments, assignments, and feedback mechanisms.
- ❖ Support senior faculty members in departmental projects, academic initiatives, and administrative responsibilities.
- ❖ Organize and coordinate workshops, seminars, guest lectures, and faculty development programs to foster professional growth.
- ❖ Collaborate with industry partners and academic institutions to establish MoUs, academic collaborations, and exchange programs.

- ❖ Lead and manage institutional ERP systems for academic, administrative, and examination processes, including AICTE, DTE, RGPV, QCIN, AISHE, NIDAN, NSP, and state-level scholarship portals.
- ❖ Ensure efficient integration and utilization of ERP platforms for student data management, examination automation, and academic reporting.
- ❖ Serve as a coordinator/mentor in entrepreneurship development cells, incubation centers, and robotics/AI labs under NSDC and institutional projects.
- ❖ Grade assignments and examinations fairly and efficiently, while providing constructive feedback for student improvement.
- ❖ Contribute to curriculum development in alignment with NEP 2020 and Outcome-Based Education (OBE) standards.
- ❖ Strive for continuous professional growth by engaging in faculty development programs, research collaborations, and interdisciplinary projects.

❖ **Asst. Professor –ST. ALOYSIUS INSTITUTE OF TECHNOLOGY, JABALPUR. August 2016 –July 2018**

- ❖ Design and implement innovative teaching methodologies and digital learning tools to enhance student learning outcomes.
- ❖ Develop academic strategies and professional programs aimed at improving student performance, employability, and industry readiness.
- ❖ Guide, lead, and mentor students in research projects, dissertations, and innovation-driven activities while providing academic and professional counseling.
- ❖ Evaluate, monitor, and track student progress through continuous assessments, project reviews, and feedback mechanisms.
- ❖ Conceptualize and organize career-enhancement initiatives, including workshops, hackathons, coding clubs, and skill-development activities.
- ❖ Supervise and mentor teaching assistants to ensure effective delivery of academic content and lab support.
- ❖ Actively participate in departmental, institutional, and inter-university activities, contributing to academic excellence and institutional growth.
- ❖ Contribute to departmental committees by supporting accreditation processes, quality assurance, and curriculum development aligned with NEP 2020 and OBE frameworks.
- ❖ Assess and evaluate student performance in both academic and extracurricular domains, fostering holistic growth.
- ❖ Collaborate with senior faculty in research projects, publications, grant proposals, and administrative functions, supporting the department's academic and research objectives.
- ❖ Promote a culture of innovation, research, and entrepreneurship through mentorship in incubation centers, coding clubs, and innovation labs.

❖ **Software Analyst- RELICMAIL SOFTWARE SOLUTION, JABALPUR.
January 2016 –July 2016**

- ❖ Analyze, design, and implement complex software solutions to meet organizational and academic business requirements.
- ❖ Maintain, manage, and upgrade enterprise applications, ERP systems, and institutional software platforms to ensure seamless functionality.
- ❖ Define technical specifications and workflows for advanced software programming applications in alignment with user and institutional needs.
- ❖ Collaborate with end-users, faculty, and external consultants to gather requirements, resolve queries, and optimize system performance.
- ❖ Develop, customize, and integrate ERP modules for admissions, examinations, HR, finance, library management, and academic records.
- ❖ Identify, troubleshoot, and resolve complex issues relating to business processes, system integration, and academic reporting.
- ❖ Coordinate with software professionals to ensure smooth installation, configuration, and optimization of applications and analytical tools.
- ❖ Design, execute, and document comprehensive testing procedures, including unit testing, system testing, and performance testing.
- ❖ Mentor and train junior software analysts, interns, and ERP administrators in system analysis, programming, and database management.

- ❖ Enhance and optimize existing systems through performance tuning, security hardening, and implementing emerging technologies.
- ❖ Develop and maintain system documentation, technical manuals, and ERP user guides to support faculty and administrative staff.
- ❖ Ensure data accuracy and compliance with AICTE, UGC, DTE, RGPV, QCIN, AISHE, NSP, and other academic regulatory requirements through ERP systems.
- ❖ Integrate analytics and dashboards into ERP platforms for real-time reporting, student performance tracking, and institutional decision-making.
- ❖ Implement cybersecurity measures and access control to safeguard academic and administrative data.
- ❖ Collaborate with academic and research departments to design software tools for research data management, innovation labs, and incubation centers.
- ❖ Continuously evaluate and adopt emerging technologies (AI, ML, Cloud, IoT) to improve academic ERP systems and enhance institutional efficiency.

❖ **Web Developer - IGNATIUS SOFTWARE PRIVATE LIMITED, INDORE.**
June 2015 –December 2015.

- ❖ Design, develop, and implement software applications, web platforms, and enterprise solutions using programming and scripting languages such as Java, Python, JavaScript, PHP, and SQL.
- ❖ Select appropriate technologies, frameworks, and tools based on project requirements, scalability, and performance goals.
- ❖ Build, maintain, and optimize databases (SQL/NoSQL) to support academic ERP systems, institutional platforms, and business applications.
- ❖ Write clean, reusable, and well-documented code, adhering to software engineering standards and best practices for collaborative development.
- ❖ Test applications and websites across multiple browsers, operating systems, and devices to ensure cross-platform compatibility and responsiveness.
- ❖ Debug, troubleshoot, and resolve complex issues in existing applications, ensuring smooth functionality and user experience.
- ❖ Thoroughly validate new features through unit testing, integration testing, and user acceptance testing to ensure reliability.
- ❖ Refactor and optimize legacy code for improved performance, scalability, and maintainability
- ❖ Integrate APIs, third-party tools, and cloud-based services into applications to enhance functionality and interoperability.
- ❖ Develop secure coding practices to safeguard sensitive data, prevent vulnerabilities, and comply with cybersecurity standards.
- ❖ Document workflows, processes, and codebase to ensure transparency, knowledge transfer, and long-term maintainability.
- ❖ Collaborate with cross-functional teams (faculty, researchers, designers, and developers) to deliver user-focused applications.
- ❖ Mentor students and junior developers in programming, version control (Git), and modern software development practices.
- ❖ Stay updated with emerging technologies (AI, ML, Cloud, DevOps, and Web 3.0 tools) to integrate the latest innovations into projects.
- ❖ Contribute to innovation labs and incubation centers by guiding research-driven application development and student-led projects.
- ❖ Implement CI/CD pipelines and automated testing frameworks to streamline deployment and software delivery.
- ❖ Engage in continuous learning by participating in workshops, online certifications, and research collaborations in software engineering.

❖ **Asst. Professor–PREMIER INSTITUTE OF TECHNOLOGY, JABALPUR.**
February 2013 –July 2015

- ❖ Teach and mentor undergraduate and postgraduate students, delivering lectures, tutorials, and seminars in Computer Science & Engineering and related domains.
- ❖ Engage in active research, contributing to publications in peer-reviewed journals, conferences, and academic books, while guiding students in research projects and dissertations.

- ❖ Design and administer academic programs for degree and postgraduate courses, including curriculum development, assessment strategies, and accreditation compliance.
- ❖ Organize and supervise seminars, tutorials, workshops, and FDPs, encouraging knowledge exchange and professional growth.
- ❖ Recruit, interview, and onboard new faculty and staff, ensuring alignment with institutional academic standards and requirements.
- ❖ Coordinate student support services, including academic counseling, career guidance, and mentorship programs.
- ❖ Organize open houses, orientation programs, and outreach activities, presenting the institution's commitment to quality education to students, parents, and stakeholders.
- ❖ Oversee examination and evaluation processes by serving as an Exam Superintendent/Registrar representative, ensuring fairness, transparency, and regulatory compliance.
- ❖ Maintain academic records and ERP-based student information systems, ensuring accurate data reporting to statutory bodies such as AICTE, UGC, NAAC, NBA, AISHE, and DTE.
- ❖ Supervise the preparation of reports, circulars, and compliance documentation required by academic and regulatory agencies.
- ❖ Ensure effective coordination between departments, faculty, and administrative units, promoting smooth academic and institutional functioning.
- ❖ Plan and execute convocation ceremonies, academic events, and official meetings under the Registrar's office.
- ❖ Handle grievance redressal, student discipline, and code of conduct enforcement in collaboration with academic councils.
- ❖ Facilitate industry-academia collaborations, MoUs, and academic partnerships, supporting institutional growth and innovation.
- ❖ Support innovation and incubation activities by mentoring students and faculty in entrepreneurship development and startup projects.
- ❖ Represent the institution in academic networks, conferences, and accreditation visits, strengthening institutional reputation.

PROFESSIONAL EXPERIENCE

❖ Teaching Level

- ✓ Deliver high-quality teaching in Computer Science & Engineering to undergraduate and postgraduate students, ensuring alignment with current curriculum frameworks and industry requirements.
- ✓ Stay updated with curriculum innovations, NEP 2020 guidelines, and emerging technologies, incorporating them into course delivery.
- ✓ Design and develop academic courses and syllabi, ensuring relevance, rigor, and alignment with outcome-based education (OBE) standards.
- ✓ Assess and evaluate student performance through assignments, projects, practicals, examinations, and continuous assessment methods.
- ✓ Promote high standards of academic achievement, discipline, punctuality, and professional ethics among students.
- ✓ Provide academic and career guidance, assisting students with course selection, internships, research opportunities, and pathways to higher education or industry careers.
- ✓ Guide and mentor students in research projects, dissertations, hackathons, and innovation-driven activities.
- ✓ Integrate modern teaching practices such as blended learning, flipped classrooms, digital tools, and LMS/ERP platforms to enhance teaching effectiveness.
- ✓ Engage in scholarly research activities, including conducting experiments, analyzing data, publishing in Scopus/SCI/IEEE journals, presenting at national and international conferences, and applying for research grants.
- ✓ Contribute to curriculum review and quality assurance processes in line with accreditation (NBA/NAAC) and institutional goals.
- ✓ Participate in departmental and institutional committees, contributing to academic planning, policy-making, and decision-making processes.
- ✓ Organize and participate in academic activities, such as seminars, workshops, FDPs, webinars, and student development programs.
- ✓ Pursue continuous professional development by attending training, earning certifications, and collaborating in interdisciplinary research.

- ✓ Support innovation and entrepreneurship by mentoring students in incubation centers, coding clubs, and industry-academia projects.
- ✓ Promote inclusivity and diversity in education, ensuring compliance with equality and diversity legislation in academic practices.
- ✓ Advise and support students in academic, personal, and career-related matters, while addressing concerns through mentorship and counseling.
- ✓ Leverage ERP and digital platforms for effective management of academic records, student data, and institutional reporting.
- ✓ Collaborate with industry and academic partners to enhance student exposure through guest lectures, internships, industrial visits, and joint projects.

❖ **Management Level**

- ✓ Provide strategic academic and administrative leadership by guiding students, faculty, and staff to ensure alignment with institutional goals and vision.
- ✓ Mentor and support students by offering constructive feedback, academic guidance, and skill-building opportunities to strengthen their knowledge base.
- ✓ Collect, analyze, and report institutional data on student learning outcomes, program effectiveness, and satisfaction surveys for program assessment, accreditation (NBA/NAAC), and regulatory compliance (AICTE/UGC/DTE).
- ✓ Oversee curriculum review and development, evaluating course proposals, assessing learning outcomes, and implementing curriculum innovations to meet industry and NEP 2020 standards.
- ✓ Plan and execute institutional strategies, contributing to the development of long-term academic and administrative goals, mission, and vision.
- ✓ Develop, monitor, and manage budgets, ensuring efficient resource allocation, cost-effectiveness, and alignment with institutional priorities.
- ✓ Lead academic and administrative committees, facilitating decision-making processes and fostering collaboration across departments.
- ✓ Recruit, train, and evaluate faculty and staff, overseeing professional development, conflict resolution, and performance appraisals.
- ✓ Ensure quality assurance in teaching and learning, taking responsibility for instructional excellence and making improvements where necessary.
- ✓ Implement digital transformation initiatives, including ERP systems, online learning platforms, and data-driven decision-making tools.
- ✓ Coordinate institutional accreditation and compliance processes, ensuring timely submissions and adherence to regulatory frameworks.
- ✓ Strengthen industry-academia collaborations by establishing partnerships, signing MoUs, and promoting internships, guest lectures, and joint projects.
- ✓ Organize and oversee institutional events, such as convocation ceremonies, conferences, faculty development programs, and student innovation showcases.
- ✓ Promote inclusivity, diversity, and equal opportunity policies in academic and administrative practices.
- ✓ Foster research and innovation culture by encouraging faculty and students to publish, patent, and participate in funded projects.
- ✓ Ensure effective time management and project execution, meeting academic targets and institutional deadlines efficiently.
- ✓ Represent the institution at external meetings, conferences, and accreditation visits to build credibility and strengthen the institutional profile.

❖ **Institute Level**

- ✓ Represent the institution at external forums and collaborations, including partnerships with industry, government agencies, alumni networks, and national/international academic organizations.
- ✓ Plan and establish institutional infrastructure, such as setting up new computer labs, smart classrooms, research centers, and online examination systems to strengthen academic delivery.

- ✓ Promote academic visibility and outreach, through alumni engagement, corporate relations, MoUs, public lectures, and community development initiatives.
- ✓ Contribute to professional organizations and global academia, by serving as peer reviewer, conference organizer, journal editorial board member, and resource person in workshops/FDPs.
- ✓ Lead institutional outreach programs, linking the university with local and global communities through seminars, service projects, and extension activities.
- ✓ Engage in continuous professional development, by attending national and international workshops, training programs, and conferences to remain updated with emerging trends.
- ✓ Implement innovative teaching–learning practices, adopting blended learning, NEP 2020 frameworks, and advanced digital tools (LMS, MOOCs, ERP, AI/ML in education).
- ✓ Promote collaborative and interdisciplinary research, working with colleagues within and across institutions, nationally and internationally, on funded projects and publications.
- ✓ Undertake and guide scholarly research, including designing studies, publishing in high-impact journals, filing patents, and presenting findings at reputed conferences.
- ✓ Mentor and guide students at all levels (UG, PG, PhD), supervising research projects, internships, dissertations, and career development initiatives.
- ✓ Ensure academic quality assurance, contributing to curriculum design, course review, program evaluation, and alignment with accreditation standards (NAAC, NBA, NIRF).
- ✓ Contribute to institutional governance and policy-making, serving on academic councils, Boards of Studies, and administrative committees.
- ✓ Strengthen alumni and industry connect, by building placement networks, skill-development programs, and career enhancement initiatives.
- ✓ Support institutional rankings and accreditation efforts, by collecting and analyzing data for NIRF, QS, ARIIA, and international benchmarking.
- ✓ Lead faculty and staff development, organizing Faculty Development Programs (FDPs), training workshops, and research capacity-building initiatives.
- ✓ Contribute to digital transformation and sustainability initiatives, integrating green campus practices, ICT-enabled teaching, and smart campus solutions.
- ✓ Actively represent the institution at national/international summits, promoting institutional reputation, securing collaborations, and fostering global academic networks.

13	FDP on Design Thinking to nurture Creativity and Innovation leading to Entrepreneurship	2021	Dr. D. Y. Patil Institute of Management & Research, ATAL-AICTE	1 week	Participant
14	FDP on Role of IoT in Cyber Security	2021	Lakshmi Narain College of Technology, ATAL-AICTE	1 week	Organizing Member
15	FDP on Futuristic Trends in Modern Machine Learning & Data Analytics	2021	Lakshmi Narain College of Technology, ATAL-AICTE	1 week	Participant
16	FDP on Machine Learning & its Application	2020	IIITDM Jabalpur	1 week	Participant
17	FDP on Machine Learning & its Application	2020	UIT-RGPV, ATAL-AICTE	1 week	Participant

18	Workshop on Artificial Intelligence	2020	Bennett University, Gurgaon	2 Days	Participant
19	FDP on Internet of Things for Smart Grid	2020	Sai Ram Institute of Technology, ATAL-AICTE	1 week	Participant
20	FDP on Scientific Computation using Python	2019	IIITDM Jabalpur	1 week	Organizing Member
21	International Conference on Big Data, Cloud Computing & Intelligent System	2019	AICTE	2 Days	Organizing Member
22	International Conference on Recent Advancement in Computer & Comm	2019	Springer	2 Days	Organizing Member
23	FDP on Internet of Things & Big Data	2019	TEQIP-III	1 week	Organizing Member
24	Modern Aspects of Calculus and Analysis in Engineering	2019	TEQIP-III	1 week	Participant
25	Workshop on Artificial Intelligence	2019	Bennett University, Gurgaon	1 week	Organizing Member
26	National FDP on Data-Driven Research Methodologies	2019	AICTE-ATAL	1 week	Participant
27	Workshop on Cloud Computing and Virtualization	2019	NIT Trichy	3 Days	Participant
28	National Workshop on Cyber Security and Digital Forensics	2019	MANIT Bhopal	2 Days	Participant
29	FDP on Recent Advances in Artificial Intelligence	2019	IIT Kanpur	1 week	Participant
30	Workshop on Blockchain Technology and Applications	2019	IIT Madras	3 Days	Participant

CERTIFICATIONS/TRAINING

S. No	Title	Year	Certification Agency	Duration
1	Business Analyst Expert	2025	UiPath Academy	7 Days
2	Certified Prompt Engineer	2025	Blockchain Council	1 Month
3	Certified Artificial Intelligence Expert	2025	Blockchain Council	3Weeks
4	Advanced Python	2025	Udemy Academy	200 Hrs
5	AWS Certified Machine Learning — Specialty	2025	AWS	2 Months
6	Azure AI Engineer Associate	2025	Microsoft	3 Months
7	Google Professional Machine Learning Engineer	2025	Google Cloud	3 Months
8	IBM AI Engineering Professional Certificate	2025	Coursera / IBM	4 Months
9	Python Training	2024	Udemy Academy	100 Hrs
10	Introduction to Deep Learning	2024	Coursera	3 Months
11	Adobe Academic Essentials	2023	Adobe	5 Days
12	Blockchain Essentials	2023	Coursera	1 Month
13	DevOps	2022	Udemy	6 Weeks
14	AWS Fundamentals: Going Cloud-Native	2021	Coursera	4 Weeks
15	AICTE-LITE (Python & Full Stack)	2021	Pupilfirst	1 Month

16	Customer Analytics	2020	Coursera	6 Weeks
17	Machine Learning with Python	2020	Coursera	6 Weeks
18	Advanced Python Training	2019	Udemy Academy	150 Hrs
19	Basic Python Training	2019	Udemy Academy	100 Hrs
20	Business Analyst Training	2018	UiPath Academy	15 Days
21	RPA Awareness Training	2018	UiPath Academy	15 Days
22	PHP	2012	Hyperlearn Pvt. Ltd.	3 Months
23	Basics of IT and Computer	2012	Manipal University, Karnataka	6 Weeks
24	Java Technologies	2012	Kaivalayam Technology	30 Days
25	Core Java	2011	MPPTCL	15 Days
26	Rational Application Developer for WebSphere Software V6.0	2011	IBM	30 Days
27	Rational Functional Tester for Java	2011	IBM	30 Days
28	Database and Application Fundamentals	2011	IBM	15 Days

TECHNICAL EXPOSURE

Concepts	Technology Tools/Languages
Tools & IDEs	Arduino, Google Colab, VS Code, Turbo C++, Eclipse, NetBeans, Anaconda, Git & GitHub
Programming Languages	C, C++, Python, Java, Machine Learning (Applied Concepts)
Scripting & Web Tech.	JavaScript, HTML5, CSS3, Bootstrap, React.js.
Database & RDBMS	MS Access, MySQL, Oracle.
Data Science & AI Tools	PyTorch, Scikit-Learn, Pandas, NumPy, Matplotlib.
Cloud Platforms	Google Cloud (GCP), Microsoft Azure, AWS (Basics), Firebase
Operating Systems	Windows, Linux (Ubuntu, Red Hat)
Other Skills	Data Structures & Algorithms, OOP, SDLC, Agile Methodologies, ERP Systems.

SKILL AND QUALITIES

- ❖ Strong ability to deliver results effectively under pressure and meet deadlines with accuracy.
- ❖ Adaptable, tolerant, and flexible in diverse and challenging situations.
- ❖ Excellent analytical and logical reasoning skills, with the ability to solve complex problems.
- ❖ Effective verbal and written communication skills for teaching, mentoring, and professional collaboration.
- ❖ Strong decision-making and critical thinking abilities to handle academic, administrative, and technical challenges.
- ❖ Highly organized with strong planning, prioritization, and time-management skills.
- ❖ Proficient in team leadership, mentoring, and motivating students and colleagues to achieve excellence.
- ❖ Ability to design, develop, and implement innovative teaching methodologies to enhance student learning outcomes.
- ❖ Skilled in data analysis, research methodologies, and technical documentation.
- ❖ Strong technical proficiency in ERP systems, LMS, programming, and digital tools for education.
- ❖ Excellent interpersonal skills for building positive relationships with students, peers, and external stakeholders.
- ❖ Creative and innovative mindset, with the ability to design solutions for academic and institutional growth.

- ❖ High level of commitment to continuous learning and professional development.
- ❖ Ability to handle multi-tasking and cross-functional responsibilities efficiently.
- ❖ Strong leadership qualities with experience in administration, event coordination, and institutional representation.
- ❖ Passionate about student development, entrepreneurship, and innovation initiatives.
- ❖ Capable of strategic thinking and policy-level contributions for academic excellence.

INTERESTS & HOBBIES

- ❖ Traveling and exploring new cultures, places, and traditions.
- ❖ Cycling and engaging in outdoor fitness activities for health and well-being.
- ❖ Online gaming with a focus on strategy, teamwork, and problem-solving.
- ❖ Reading books, research articles, and journals to enhance knowledge and creativity.
- ❖ Writing blogs and articles on technology, education, and innovation.
- ❖ Photography and capturing creative moments.
- ❖ Participating in quizzes, debates, and intellectual discussions.
- ❖ Attending workshops, seminars, and webinars for continuous learning.
- ❖ Volunteering in community services and student mentoring activities.
- ❖ Exploring new technologies, software tools, and emerging trends in IT and education.

PERSONAL INFORMATION

Father's Name: Mr. D. N. Patel

Date of Birth: 18th September 1990

Gender: Male

Marital Status: Married

Nationality: Indian

Languages Known: English, Hindi

Permanent Address: H.No. 678, Amanpur, Madan Mahal, Jabalpur (M.P.), India

Current Address: H.No. 216, Sector C Indrapuri Bhopal (M.P.), India

Contact Number: +91-9300161818

Email ID: adityapatelmail@gmail.com

LinkedIn Profile: <https://in.linkedin.com/in/aditya-patel-35b591135>

Passport Availability: Yes

Willingness to Relocate: Yes

Declaration

I hereby declare that all the above-mentioned information is true to the best of my knowledge.
